

6th December 2024

End of Term Arrangements

Dear Parent/Carer,

It has been a great term and start of the 2024-25 academic year for us all at Lealands High School. We were delighted that last year's Year 11 students broke our school records for attainment, with the greatest number of them ever achieving standard and strong passes in their GCSEs.

Students and staff are very excited about the end of term! On Tuesday 10th December we are delighted that many of our students will be performing at the Christmas Concert - tickets are still available on Scopay. On Thursday 12th December students will wear their Christmas jumpers in school in aid of Save the Children (donations via Scopay). Please ensure that the requirements for uniform and jumpers previously sent are adhered to on this day. In addition, some students will be going on Rewards Trips as a celebration of their excellent first term of the year. Students will be enjoying a range of Christmas themed food served by our caterers including a roast dinner on the 18th December. On the last day, students will enjoy the traditional end of term assembly with their Head of Year.

On Friday 20th December, we finish for the Christmas break. Key stage 3 students in Years 7-9 will leave school at 12:20 and Key stage 4 students in Years 10 and 11 will leave at 12:30. All students **must attend in full school uniform** on that day and go straight home when they leave. On no account should they visit any of the local primary schools. Any student not responding appropriately to the privilege of leaving early will be sanctioned and have this privilege withdrawn in future. If you require your child to be supervised in school until the usual end of the school day, please contact their Pastoral Support Manager who will be able to arrange this.

The first day back for students will be Monday 6th January and they should attend at their normal time.

I wish you and your family a peaceful, restful and safe time over the Christmas period.

Yours sincerely,

Mr J Burridge
Headteacher
